

HUNTER COLLEGE

Annual Report of Grants and Contracts

July 1, 1995 through June 30, 1996

OPENING REMARKS

The past year was one of transition at Hunter College, beginning with the appointment of President David A. Caputo. The year also brought two shutdowns of the federal government, followed immediately by a record-setting blizzard that effectively continued the period of federal inactivity for another week. Coupled with the very late adoption of a state budget, there were clearly a number of new obstacles to be overcome in competing for external funding.

The momentum in the area of sponsored grants and contracts continued unabated, however, and this fact is a tribute to the expertise, imagination and persistence of a dedicated faculty and staff.

With so many kinds of institutions struggling for survival, obtaining grants has continued to become more difficult. Our faculty and staff secured a record 357 awards from external government and private sources during the 1995-96 fiscal year. In addition, another 150 projects involving research and professional development were funded through the PSC-CUNY Research Award Program and various other initiatives advanced by Hunter, The City University of New York and various private entities. More than 40% of our full-time faculty are involved in new or ongoing projects. Viewed together, Hunter faculty and staff has access to more than \$28 million to advance institutional and professional goals.

As we prepare for the accreditation visit by the Middle States Association, I am pleased to congratulate all our faculty and staff who participated in these achievements.

Laura S. Schor
Provost

September, 1996

HUNTER COLLEGE

of The City University of New York

Office of Research Administration • 695 Park Avenue, New York, N.Y. 10021 • (212) 772-4020
A Note from the Director

As we conclude another successful year in the arena of competing for grants and contracts, we think back on some of the events of the last year.

The failure to pass a federal budget in a timely manner highlights the precarious nature of working on grants, as reviews of grant proposals ground to a halt, the issuance of grant award notices was delayed, and there was no cash forthcoming from Washington for weeks at a time. The State and City also sent mixed signals on possible changes in project periods. We want to acknowledge the faculty who worked with us in arriving at creative solutions to keeping pay checks flowing to their staff members. And we must also recognize the project employees who understood that circumstances were sometimes beyond the control of anyone at the College and who experienced being temporarily appointed on various accounts until the situation was stabilized.

Although we had a drop in revenue from normal streams of funding, much of that loss was offset by the award of \$1.9 million from the Higher Education Applied Technology (HEAT), an initiative funded by New York State. With that infusion of funding, our overall drop from government agencies, foundations, non-profit organizations, and corporations was limited to \$150,000. Despite the drop, the number of projects that were supported rose by more than 10% -- an indication that despite increased roadblocks, our faculty and staff extended themselves to find new sources of support.

Sadly, our statistics are adversely effected by the completion of some successful projects and the departures of several individuals:

- ❖ After twelve years and more than \$9.7 million awarded to Hunter, the federal legislation for the New York Multifunctional Resource Center, headquartered in the Division of Programs in Education, has expired. Funding over those years had risen to more than \$900,000 in fiscal year 1995. This year we received a "phase-out" supplement. Professor Emeritus **José Vázquez**, who has directed other projects totaling more than \$1.8 million, continues his efforts as the lead person on the Hunter component of the New York Technical Assistance Center.
- ❖ The Inter-University Program for Latino Research, under the umbrella of the Centro de Estudios Puertorriquenos, "rotated" its administration from Stanford to Hunter in 1989. The IUPLR was responsible for close to half a million dollars in those years. While the Centro continues as a leading member of the IUPLR, it was time for the administration of the program to move on to another consortium member, the University of Texas at Austin. We know that Professor Emeritus **Frank Bonilla** will continue his fine work with and on behalf of the IUPLR.
- ❖ We continued to be the administrative home through the end of the fiscal year for the Center for Media and Learning/American Social History Project. A couple of its recent grants were handled by CUNY Central. The Project now re-locates to the CUNY Graduate School and University Center. We look forward to future relationships with **Steve Brier** and his staff.
- ❖ On an individual level, we want to wish a happy retirement to Distinguished Professor of Biological Sciences, **Joseph Krakow**, who garnered more than \$4.2 million in research funding during 25 years at Hunter. And to faculty who have been active in research, training and institutional grants, we wish all the best in their new university settings: **Keith Clarke, Esther Madriz, and Hilda Blanco**.

The members of the staff of the Office of Research Administration join me in congratulating all who carry Hunter's name forward proudly into grant competitions.

Robert J. Buckley
Director

September, 1996

Section I-A: Overview of External Funding

This section contains statistical information on grants and contracts from external sources, i.e., agencies of Federal, State, and City governments, foundations, corporations, and non-profit organizations. For the sake of making comparisons, figures are given for the quarter century beginning July 1, 1971.

Grants and contracts have undergone remarkable growth since late 1970's. Viewing awards in ten-year increments, we used 1975 as the initial base year to illustrate growth:

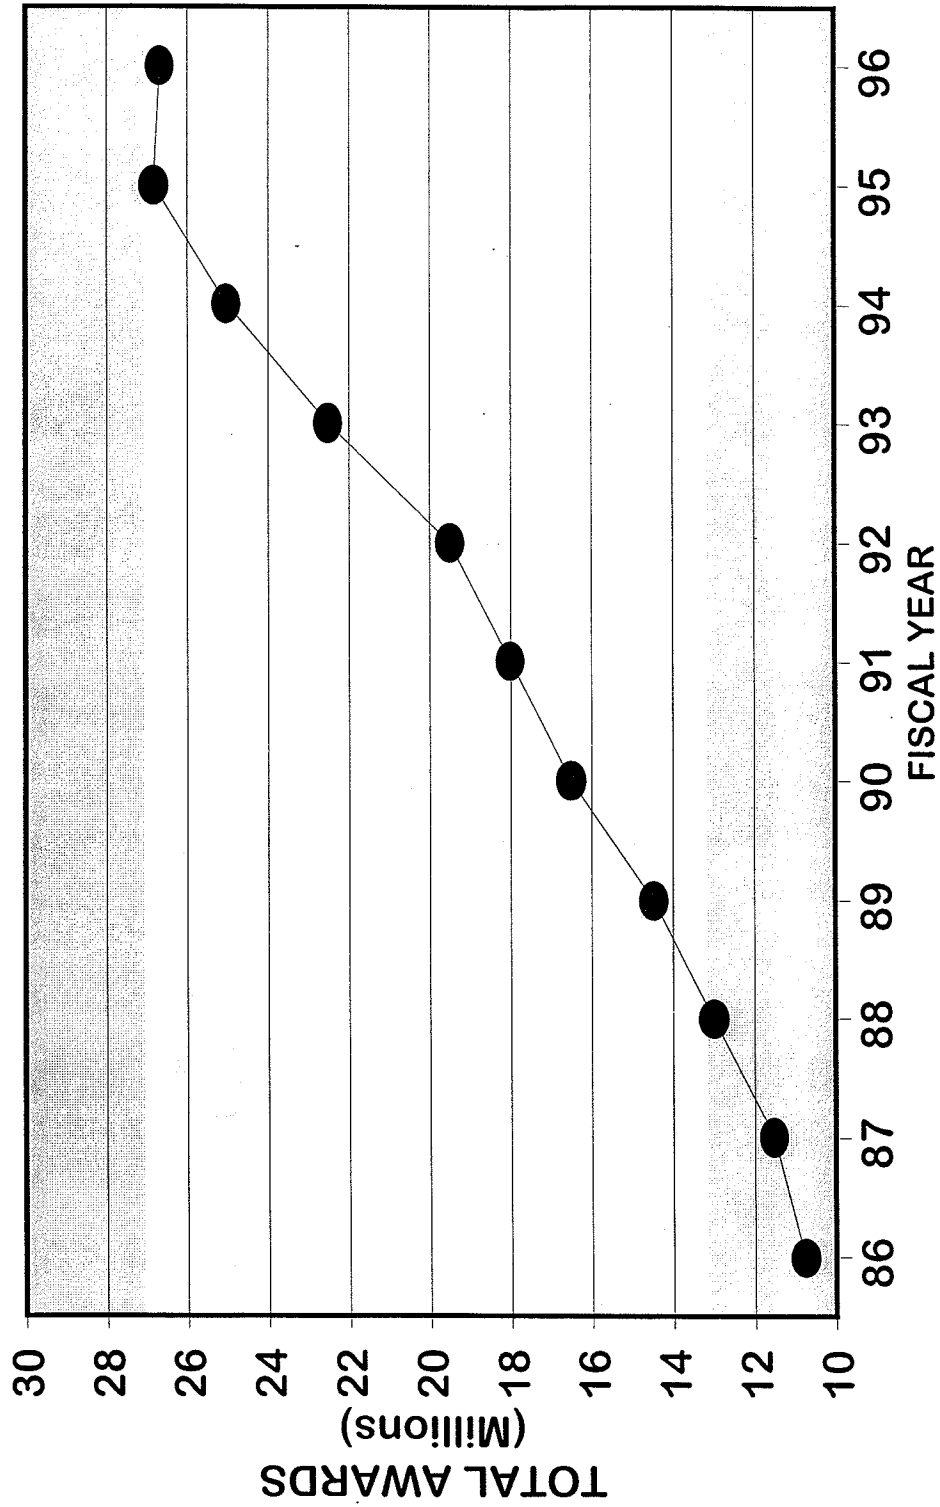

Per Cent Increase in Dollar Volume by Source
by Decade since 1976

	<u>Federal</u>	<u>State and City</u>	<u>Non-profits</u>	<u>Foundations</u>	<u>Total</u>
from 1976 to 1986	163%	1,636%	262%	1,665%	255%
from 1986 to 1996	40%	441%	390%	238%	148%

The "mix" of the source of grants has also undergone tremendous change. In 1976, Federal grants totaled \$2.6 million and represented 86% of that year's grants. In 1996, Federal grants reached \$9.7 million, but that amount constituted only 36% of our \$26.7 million.

Section I-B: Individual Project Listing

This section's 75 pages — a record number — list the individual projects that comprised the grants and contracts sponsored by external sources during fiscal year 1996 (July 1 1995 - June 30 1996). Also included are grants made directly to individuals (e.g., fellowships), but these figures are not included in the previous section's overall statistics on institutionally administered awards. In several cases, Hunter faculty have co-principal investigators at other institutions. When fiscal responsibility for an award lies with a colleague's institution, CUNY collaborations are counted in the dollar total shown, and non-CUNY administered awards are listed but not counted.

Awards are arranged alphabetically by academic and administrative regions. Within that framework, awards are organized first by department and then by faculty member. Entries include the name of the funding agency and, when applicable, the agency identification number and remarks. Among other data shown are the Research Foundation account number and the award period. Type indicates whether the award is new, a continuation, (non-competitive but contingent on sufficient progress having been demonstrated to warrant continued funding), a renewal (after competitive review of an on going project), or a supplement (additional funding to complete or extend the scope of the original project). When applicable, the status gives the length of the project in years and whether the agency has indicated its intention to continue funding on a non-competitive basis beyond the current period.

The projects are listed as follows:

<i>Academic Regions</i>	<i>Page</i>
School of Health Sciences	1
<i>Note:</i>	
<i>The Center for AIDS, Drugs, and Community Health and the Center for Occupational Safety and Health are listed separately under administrative regions</i>	
Division of Humanities and Arts	3
<i>Department of Art</i>	<i>3</i>
<i>Department of Classical & Oriental Studies</i>	<i>3</i>
<i>Department of Communications</i>	<i>3</i>
<i>Department of German</i>	<i>3</i>
School of Nursing	4

Division of Programs in Education	6
<i>Department of Curriculum & Teaching</i>	7
<i>Department of Educational Foundations and Counseling Programs</i>	9
<i>Department of Special Education</i>	10
Division of Sciences & Mathematics	12
<i>Department of Biological Sciences</i>	14
<i>Department of Chemistry</i>	20
<i>Department of Computer Science</i>	25
<i>Department of Geology & Geography & Center for Applied Studies of the Environment</i>	26

Section I-C: Proposal Submissions

The count of proposal submissions includes:

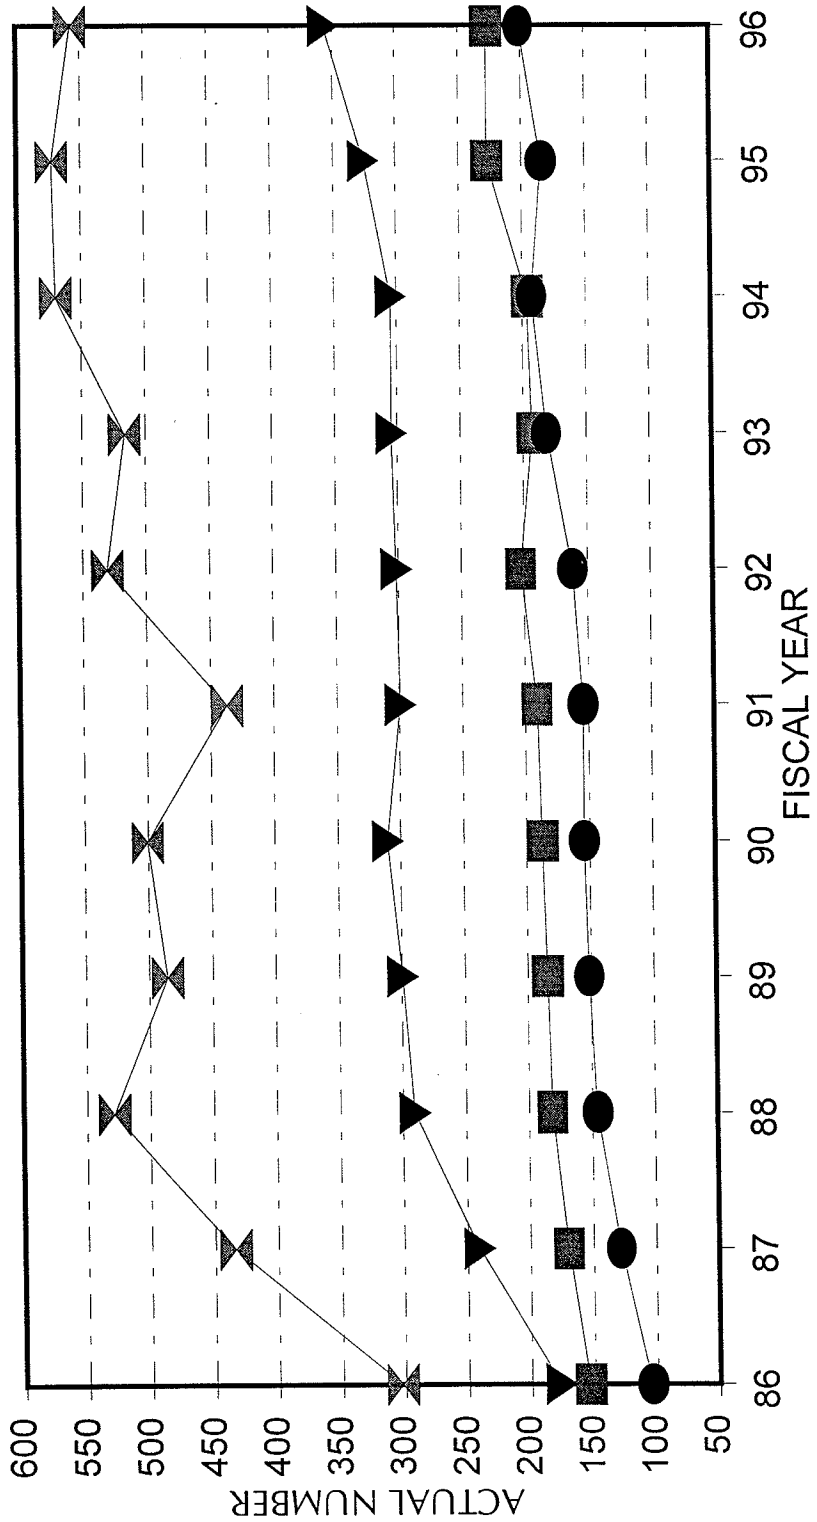

- a. proposals for new funding;*
- b. proposals submitted at the end of a funding cycle for review in competition for renewed funding;*
- c. progress reports which, although not competing with other applicants for funding, must demonstrate sufficient advancement towards the project's goal in order to gain the authorization for another year of support.*

Identical or similar proposals submitted to more than one agency are counted separately. Preliminary and final proposals prepared for the same agency are only included once.

In fiscal 1996 Hunter College had 558 submissions. Some statistical information and the listing of individual faculty and staff applicants are shown in this section.

APPLICANTS/PROPOSALS/P.I.s/AWARDS

1996	228	558	202	357	\$26,684,440

Some applicants submit the same proposal to more than one agency -- these proposals are counted separately. Others submit different proposals to one or more agencies.

The terms "Principal Investigator" and "Project Director" are used to signify successful applicants, i.e., persons who receive awards. Many faculty members direct more than one project.

Shaded numbers highlight the years in which records were set for the respective categories.

As agencies frequently take 6-12 months to complete the review of a proposal, approximately half of the proposals submitted in one fiscal year do not have a final determination until the next year.

Robert Buckley/Patricia Cook (Manhattan Center
for Sciences and Mathematics)

The Board of Trustees of the City University of New York (CUNY) and the collective bargaining agent for the instructional staff, the Professional Staff Congress (PSC), demonstrate their recognition of the importance of encouraging research activities in the CUNY system by funding a competitive research award program. Applicants may request a maximum of \$12,000 for research support.

In the 27 years of the PSC-CUNY Research Award Program, Hunter College faculty and staff have been awarded more than \$8.5 million. Grants are designed to encourage research and serve as pilot projects and seed money for larger endeavors.

The next page of this section gives a statistical history of the participation of Hunter faculty in the program since its inception. The individual project listing for this year follows. Awards are arranged by academic region and may be found as follows:

	Out-of-Cycle or Emergency	3	2	\$9,500 +	---		\$9,500	
	TOTAL PSC-CUNY-27	90	74	\$336,373 +	\$0 =			

- Notes: 1. New and continuation awards as of 7/1/91 no longer have additional publication/manuscript preparation funds.
 2. The possibility of two-year awards was introduced in the PSC-CUNY-17 competition.
 3. Availability of funds was reduced by 50% during a period of no collective bargaining agreement (PSC-CUNY-22,23,24)
 4. The highest number ever recorded in each category is highlighted. E.g., 90 awards in the PSC-CUNY-25 competition are the most ever recorded by Hunter College.

	TOTAL AMOUNT AWARDED :	\$ 336,373	

Hunter College and the City University of New York made grants to and recognized achievements of numerous Hunter faculty and staff. Among the programs providing the funds were:

1. Hunter's Shuster Fund, established in honor of the late former Hunter College President, George N. Shuster.
2. Hunter's Staff Development Awards.
3. City University Equipment Initiative.
4. CUNY Collaborative Incentive Grant Program.

Awards are listed by academic region on the following pages.

	<u>Page</u>
School of Health Sciences	1
Division of Humanities and Arts

Overall Summary of Project Support

At the conclusion of this report, we present statistical tables incorporating all the award data available for the last quarter century. The information in this section includes the external awards detailed in Section I-A and I-B of this report, plus fellowships and other grants not administered through Hunter, the PSC-CUNY Research Award Program (Section II-A) and other internal support (Section II-B). The intent here is to present as broad a picture as possible of the support obtained by faculty and staff.

This section shows a steady growth of project support over the past decade. For twenty-one consecutive years the dollar volume of the previous year was surpassed. As will be seen the numbers and amounts of the awards have risen by 149% during the last decade, and 774% over the last two decades.

These awards include fellowships and awards on which Hunter faculty are co-principal investigators, generally at other branches of CUNY.

HUNTER COLLEGE

of The City University of New York

Office of Research Administration • 695 Park Avenue, New York, N.Y. 10021 • (212) 772-4020

Acknowledgments

The staff of the Office of Research Administration is pleased to work with an ever-increasing number of principal investigators and project employees. The number of employees has grown to approximately 675 at any given time and we process more than 250 personnel actions per month.

Although external grant volume reached its high point in fiscal year 1995, in fiscal 1996 we have had the highest number of individual projects funded in our history. At our SPIN (Sponsored Program Information Network) computer, we see considerable "traffic" seeking new funding sources, and that augurs well for the future.

I must acknowledge the members of my staff for their individual roles in compiling this report while keeping normal operations running. My thanks to

*Angela P. Clarke
Carolynn Julien*

*Assistant Director
Assistant Director for Sponsored Contracts/
Programming/Charts & Tables Editor
of this Annual Report*

*Barbara Medina
Annmarie Rivera
Lynda Cortes
Sydell Tyson*

*Grant Assistant Administration C
Administrative Assistant
Administrative Assistant (part-time)
Senior Research Assistant/Staff Member
in Charge of the Production of this Annual
Report (part-time)*

*Malini Lall
Sharay Williams
Crystal Sheard*

*Graduate Student Assistant (part-time)
Office Assistant (part-time)
Undergraduate Student Assistant (part-time).*

Thanks are also in order to my wife, Lillian, for her continuing maintenance of grant histories on individual faculty and programming.

Robert J. Buckley
Director

September, 1996
