Annual Report of Grants and Contracts

July 1, 1999 through June 30, 2000

### Opening Remarks

We are pleased to report grants and contracts totalling **\$27,095,992** for the fiscal year that ended June 30, 2000. This figure is the highest ever for Hunter College. This record occurs at a time when federal oversight on research projects is on the rise and competition is increasing. We congratulate everyone for navigating difficult waters very successfully.

Thanks to excellent faculty leadership and effort, the College has been awarded a number of multiple investigator awards that will contribute substantially to our efforts in research, student support, teaching, and outreach. Examples of their collaborative efforts include:

- Faculty from the departments of Biological Sciences, Chemistry, Physics & Astronomy, and Psychology competed successfully for MIDARP, SCORE, and RISE grants from NIH.
- A successful collaboration between the School of Social Work and the Brookdale Center on Aging brought support from the Hartford Foundation for education in geriatric social work.
- School of Education faculty were given increased funding for ongoing and new projects with local schools in efforts to improve teacher performance in urban settings.
- New initiatives in health were funded in the Schools of the Health Professions and its related centers.

This report would not be complete without recognizing the members of the Committee for the Protection of Human Subjects from Research Risks and the Institutional Animal Care and Use Committee who have the task of reviewing numerous funded and unfunded projects to make sure that regulations are followed. The Committee lists for the last year are found on the *Additional Acknowledgements* page near the end of this report. We also thank the faculty on the policy and research committees in the many departments and schools which conduct pre-reviews and provide colleagues and students with valuable feedback to improve their research protocols and proposals.

This was a year marked by the departures of President **David Caputo**, who has left to preside over Pace University, and Associate Provost **Stephen Zoloth**, who was appointed Dean of Health Sciences at Northeastern University. We were buoyed by the successful completion of several searches in key areas of the College. These people, working closely with Interim President **Evangelos J. Gizis**, will clearly have a positive impact on grant and contract proposal submissions in the years to come.

### A Note from the Director

The start of a new year, not to mention a century and, yes, a millenium, makes one pause and take a moment to look back. Just a quarter century ago, Hunter College's annual total for grants and contracts approximated \$3 million based on fewer than 75 projects. During the 1980-1989 period, our awards tripled when compared to the previous decade, and during the nineties they have risen another by another two-thirds when compared to the eighties.

It is hard to believe that the amount of tuition support for students in our 1999-2000 grant awards alone is as large as our total grant figure for all purposes in 1980. What a tremendous increase! In fact, grants were connected with 1,088 actions involving coverage of student tuition divided over the fall, spring and summer terms. What a tribute to our faculty proposal writers who try so hard to help their students!

It is incredible that our treasured **PSC-CUNY Research Award Program**, which in recent years has given grants averaging under \$5,000, has now awarded **more than \$10 million** to Hunter projects since the inception of the program three decades ago.

Despite the retirement incentives of the last decade, recruiting in recent years has brought us a talented group of faculty members who are already having an impact on Hunter's grant activity.

The new century will not be easy. We will all be challenged by the electronic transmission of grant proposals, by new federal requirements for training all researchers involved in human subjects research, and by federal concerns on financial conflict of interest. On the horizon there is a myriad of other technology-related changes. The Hunter faculty and staff have an excellent track record of cutting through "red tape" and overcoming obstacles of all sorts.

Our *Annual Report of Grants & Contracts* for Fiscal Year 2000 -- a banner year of more than \$27 million! The Office of Research Administration is delighted to provide this report. We hope you find the report to be of interest and value in providing an outline of the extramural and intramural support activity generated by our faculty and staff.

# Section I-A: Overview of External Funding

This section contains statistical information on grants and contracts from external sources, i.e., agencies of Federal, State, and City governments, foundations, corporations, and non-profit organizations. For the sake of making comparisons, figures are given for the quarter century beginning July 1, 1975.

Grants and contracts have undergone remarkable growth since the late 1970's. Viewing awards in ten-year increments, we used 1980 as the initial base year to illustrate growth:

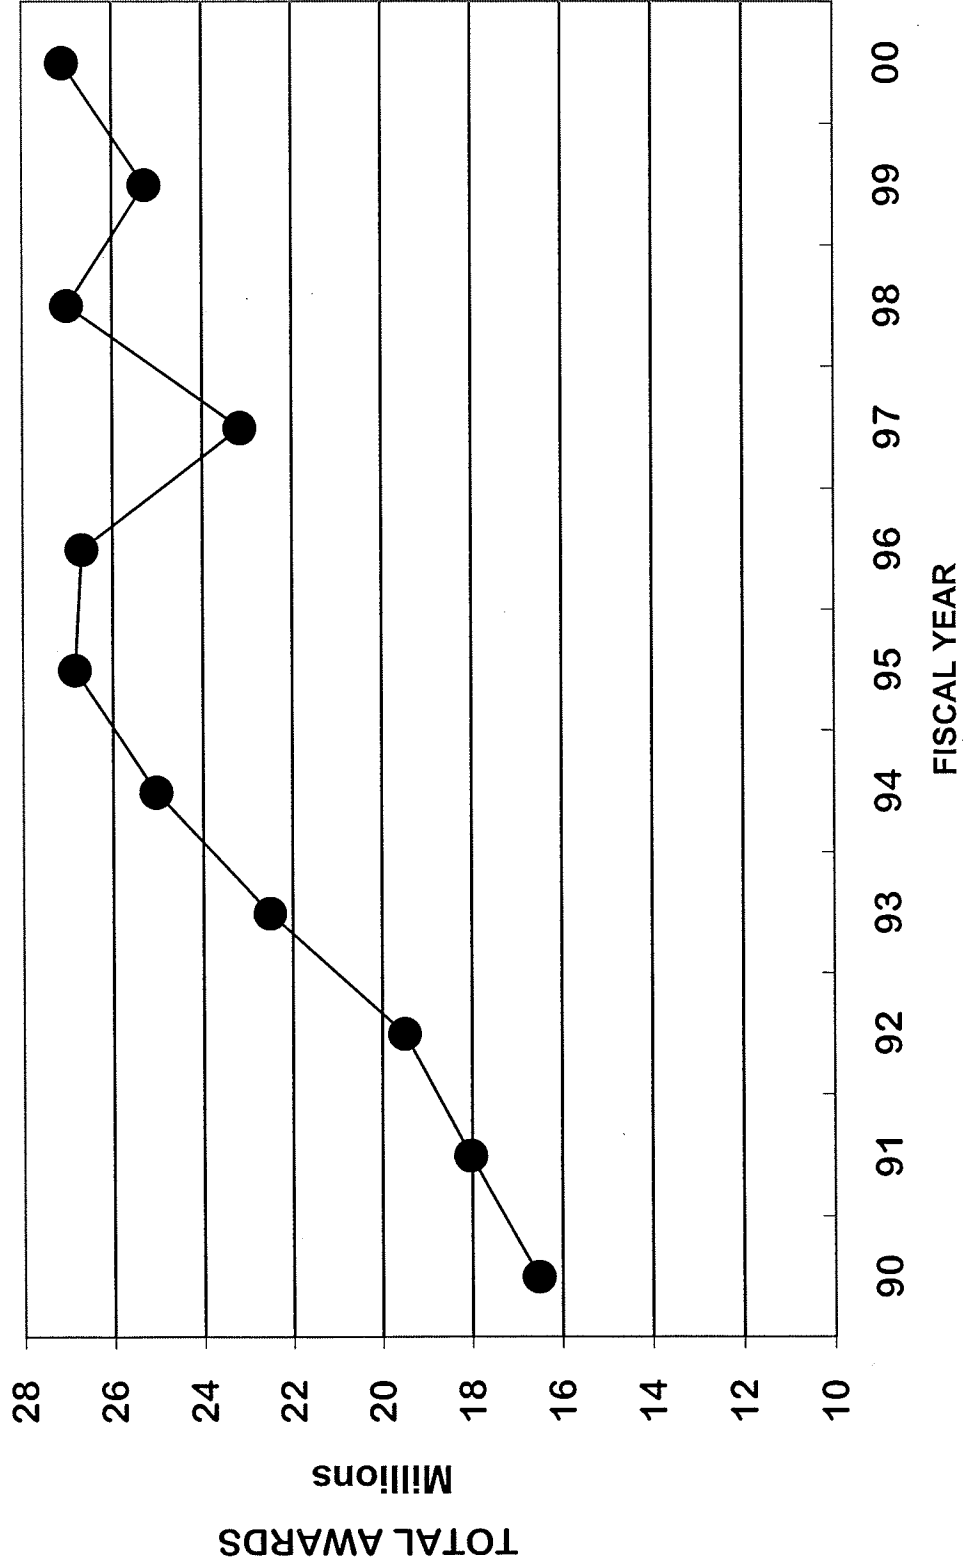

### Per. Cent Increase in Dollar Volume by Source by Decade since 1980

	<u>Federal</u>	<u>State and City</u>	<u>Non-profits</u>	<u>Foundations</u>	<u>Total</u>
from 1980 to 1990	66%	961%	703%	626%	191%
from 1990 to 2000	56%	103%	66%	60%	64%

The "mix" of the source of grants has also undergone tremendous change. In 1980, Federal grants represented 83% of that year's grants. In 2000, Federal grants constituted only 45% of our \$27,095,992.

# Section I-B: Individual Project Listing

This section lists the individual projects that comprised the grants and contracts sponsored by external sources during fiscal year 2000 (July 1, 1999 - June 30, 2000). Also included are grants made directly to individuals (e.g., fellowships), but these figures are not included in the previous section's (green pages) overall statistics on institutionally administered awards.

Awards are arranged alphabetically by academic and administrative regions. Within that framework, awards are organized first by department and then by faculty member. Entries include the name of the funding agency and, when applicable, the agency identification number and remarks. Among other data shown are the Research Foundation account number and the award period. Type indicates whether the award is new, a continuation, (non-competitive but contingent on sufficient progress having been demonstrated to warrant continued funding), a renewal (after competitive review of an on going project), or a supplement (additional funding to complete or extend the scope of the original project). When applicable, the status gives the length of the project in years and whether the agency has indicated its intention to continue funding on a non-competitive basis beyond the current period.

The projects are listed as follows:

# Section I-C: Proposal Submissions

*The count of proposal submissions includes:*

- a. proposals for new funding;*
- b. proposals submitted at the end of a funding cycle for review in Copmpetition for renewed funding;*
- c. progress reports which, although not competing with other applicants for funding, must demonstrate sufficient advancement towards the project's goal in order to gain the authorization for another year of support.*

*Identical or similar proposals submitted to more than one agency are counted separately. Preliminary and final proposals prepared for the same agency are only included once.*

*In fiscal 2000 Hunter College had 588 submissions. Some statistical information and the listing of individual faculty and staff applicants are shown in this section.*

## ANNUAL STATISTICS ON NUMBERS OF APPLICANTS AND PROPOSALS AND THE RECORD OF SUCCESS

This table shows the growth in the number of faculty and staff applying for grants and contracts, the increase in proposal submissions, and the statistics on awards to the College over the last quarter century.

*Some applicants submit the same proposal to more than one agency -- these proposals are counted separately. Others submit different proposals to one or more agencies.*

*The terms "Principal Investigator" and "Project Director" are used to signify successful applicants, i.e., persons who receive awards. Many faculty members direct more than one project.*

*Shaded numbers highlight the years in which records were set for the respective categories.*

*As agencies frequently take 6-12 months to complete the review of a proposal, approximately half of the proposals submitted in one fiscal year do not have a final determination until the next year.*

# *Part II: Internal Funding for Projects*

---

*A wide range of other projects received support from College and University funds.*

*This part is divided into two sections:*

*Section II-A PSC-CUNY Research Award Program*

*Section II-B Other Internal Support*

*collective bargaining agent for the instructional staff, the Professional Staff Congress (PSC), demonstrate their recognition of the importance of encouraging research activities in the CUNY system by funding a competitive research award program. Applicants may request a maximum of \$12,000 for research support. Junior faculty members may qualify for summer salary, bringing the maximum possible award to \$15,720. Proposals are peer reviewed by one of more than 30 disciplinary panels.*

*In the 31 years of the PSC-CUNY Research Award Program, Hunter College faculty and staff have been awarded more than \$10 million. Grants are designed to encourage research and serve as pilot and seed money for larger endeavors.*

*The next page of this section gives a statistical history of the participation of Hunter faculty in the program since its inception. The individual project listing for this year follows. Awards are arranged by academic region and may be found as follows:*

Notes: 1. New and continuation awards as of 7/1/91, no longer have additional publication/manuscript preparation funds.  
 2. The possibility of two-year awards was introduced in the PSC-CUNY-17 competition.  
 3. Availability of funds was reduced by 50% during a period of no collective bargaining agreement (PSC-CUNY-22,23,24)  
 4. The highest number ever recorded in each category is highlighted. E.g., 92 awards in the PSC-CUNY-28 competition are the most ever recorded by Hunter College.

# Overall Summary of Project Support

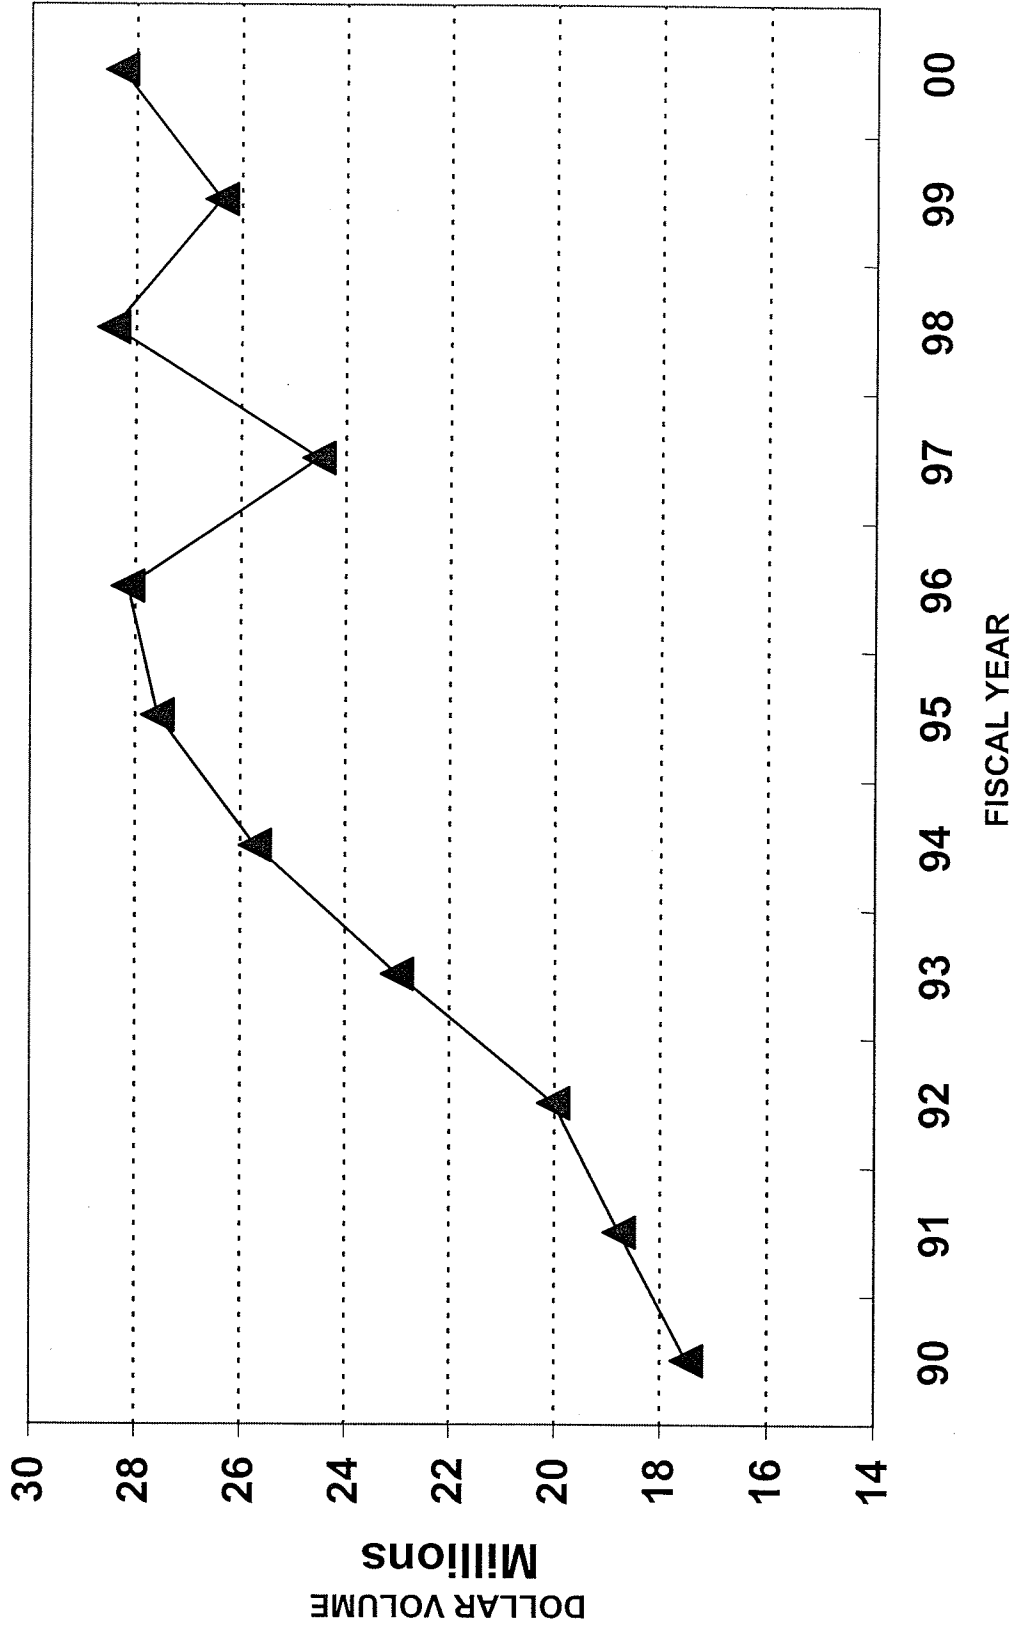

*At the conclusion of this report, we present statistical tables incorporating all award data available for the last quarter century. The information in this section includes the external awards detailed in Section I-A and I-B of this report, plus fellowships and other grants not administered through Hunter, the PSC-CUNY Research Award Program (Section II-A) and other internal support (Section II-B). The intent here is to present as broad a picture as possible of the support obtained by faculty and staff.*

*This section shows the tremendous growth of project support over the past decade. As will be seen the numbers and amounts of the awards have risen by more than 100% during the last decade.*

### *Acknowledgements*

As Director of the Office of Research Administration for the past twenty-three years, I am pleased to have the opportunity to congratulate all of those faculty and staff who have applied for funding.

As the years have gone by, we have seen new and ever-changing regulations from government bureaucracy. Personnel activity reports and financial disclosure forms have been a fact for more than a decade, and new training requirements for all researchers are on the horizon. The staff of Research Administration joins me in saluting all who made the extra effort it takes to prepare a proposal.

I wish to thank all of my staff for their participation in compiling this report while keeping normal operations running:

**Carolynn Julien**

*Assistant Director (and responsible for the graphics in this report)*

**Barbara Medina  
Annmarie Rivera**

*Assistant Director for Project Personnel  
Assistant Director for Sponsored Projects*

**Ana LoBiondo  
Sydell Tyson**

*Senior Administrative Assistant  
Senior Research Assistant/Staff Member in Charge of the Production of the **Annual Report of Grants and Contracts***

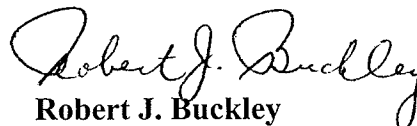

**Judith Diaz  
Malini Lall  
Sharay Williams  
Crystal Sheard**

*Administrative Assistant  
Graduate Student Assistant  
Office Assistant/Undergraduate  
Undergraduate Student (who left our employ at mid-year to advance towards her career goal)*

**Michelle Guzman**

*Undergraduate Student Assistant.*

Thanks also to my wife, **Lillian**, for contributing her time to maintaining grant histories on individual faculty, and in overcoming a Y2K problem in our database.

  
**Robert J. Buckley**  
*Director*

September, 2000

### *Additional Acknowledgements*

*On behalf of the Hunter research community, we extend our gratitude to the members of two committees which meet at least nine times a year to review research protocols involving human subjects and animals. These reviews are conducted in compliance with government regulations. The persons who served between July 1, 1999 and June 30, 2000 are the following:*

#### **Committee for the Protection of Human Subjects from Research Risks (also known as the IRB: Institutional Review Board)**

<b>Terry Mizrahi, Chair</b>	School of Social Work
<b>Elizabeth Barrett</b>	Nursing
<b>Robert Buckley</b>	Research Administration/Staff to Committee
<b>Darlene DeFour</b>	Psychology
<b>Mark Goldberg</b>	Health Sciences
<b>Sherryl Graves</b>	Educational Foundations and Counseling Programs
<b>Amy Horowitz</b>	Community Representative
<b>Mary Anne McDermott</b>	Nursing
<b>Carmen Mercado</b>	Curriculum & Teaching
<b>Vita Rabinowitz</b>	Psychology
<b>Andrea Savage</b>	Social Work
<b>Cynthia Sculco</b>	Community Representative
<b>Carolynn Julien</b>	Staff to the Committee

*This Committee must review all research protocols involving human subjects. During this past fiscal year, 228 protocols were reviewed.*

#### **Institutional Animal Care and Use Committee (IACUC)**

<b>Cheryl Harding, Chair</b>	Psychology
<b>Jesus Angulo</b>	Biological Sciences
<b>Robert Buckley</b>	Research Administration
<b>Patricia Glennon</b>	Consulting Veterinarian
<b>James Gordon</b>	Psychology
<b>Dean Johnston</b>	Health Sciences
<b>Josephine Kirsch</b>	Community Representative
<b>Regina Linder</b>	Health Sciences
<b>Jeri Sechzer</b>	Community Representative
<b>Tom Terleph</b>	Student Representative, Psychology
<b>Shari Lewis Thompson</b>	Community Representative
<b>Barbara Wolin</b>	Animal Facilities
<b>Ana LoBiondo</b>	Staff to the Committee

The IACUC must review protocols involving use of animals for research or instruction. During this past year, there have been 50 active protocols reviewed by this Committee.
