

Hunter College
of the
City University of New York

Annual Report
of
Grants and Contracts

July 1, 2001—June 30, 2002

Message from the President

The achievements of Hunter College faculty and staff were recognized in a most tangible manner in fiscal year 2002 by a record \$37.8 million in grant and contract awards. This figure represents an increase of 30% above the prior year.

Expertise at Hunter covers a wide range of disciplines and professions. Agencies in the public and private sectors have funded a myriad of projects in basic and applied research. Peer review panels regularly recognize the contributions to research by Hunter faculty. The value of a Hunter degree is demonstrated the College's ability to attract grants for training students preparing for careers in the arts and humanities, education, health professions, the biomedical, natural and social sciences, and social work.

Hunter faculty, staff and students are an invaluable asset to our city and state, and this was evidenced by a significant increase in awards from regional agencies. Similarly, the number of federal grants increased by a third, with federal grants constituting half of our grant total.

We congratulate everyone at Hunter who made 2002 a record year.

Jennifer J. Raab
President

Opening Remarks

Having joined the Hunter College community in September, 2002, this is the first time that I have had the opportunity to contribute *Opening Remarks* to the **Annual Report of Grants and Contracts**. Hunter College had a record-setting grant year in 2001-2002 and it is a pleasure for me to acknowledge that fact. It is clear that the faculty of Hunter College is rich in knowledge and experience, with a genuine desire to contribute to their respective fields of study and to prepare students for the challenges that await them.

Collaborations between members of the Hunter community and colleagues from other CUNY colleges, government agencies, private universities, hospitals, and non-profit organizations have added to the wealth of resources available to our faculty and students.

We recognize that applying for and directing a grant take time and effort. Faculty and staff have been dealing with more stringent interpretations of regulations on protection of human subjects. The electronic submission of proposals, being adopted by several agencies, has not always proceeded smoothly. Despite these hurdles, the number of proposal submissions continues to increase. This is a credit to the dedication of the Hunter faculty.

Proposals for grants and contracts are generally subject to peer review by funding sources. We acknowledge the members of the faculty who participate in this process with colleagues from around the country. Within the CUNY system, we also appreciate all those who serve on the University Committee on Research Awards, who review proposals for various CUNY-wide programs, and who serve on the Hunter College President's Committee on Research Awards. We salute the members of the faculty who serve as mentors to junior faculty and students, and who provide colleagues with important feedback on drafts of proposals.

The College administration wishes to thank the faculty, staff and community representatives who serve on the Committee for the Protection of Human Subjects from Research Risks (also known as the Institutional Review Board), the Institutional Animal Care and Use Committee, and the Institutional Biohazards Committee, all of which must function properly in order for anyone at the College to conduct research.

I look forward to continuing to work with the Hunter community to promote research and scholarship.

Richard D. Pizer
Provost

Director's Remarks

When I assumed the position of Director of Research Administration on July 1, 1977, Hunter grants had totaled \$3.2 million in the previous year. Hunter was third in grants in the CUNY system, behind City College and the Graduate Center. There had been a decade of growth of student body and faculty alike. The School of Health Sciences was completing its time in rented space at 106th Street. A number of departments and programs now at 68th Street was scattered around the Hunter neighborhood. Programs in the School of Education were on Lexington Avenue at 466 (along with Hunter High School) and 560, as well as 505 Park Avenue and at the Brookdale Campus. Urban Affairs and Planning was on Madison Avenue. Others were in an old City building on the current site of the East Building. Hunter Elementary was at 54th Street. Classrooms for the College's classes were rented at Temple Emanu-El and Julia Richman High School. The majority of the Business Office and Human Resources staffs were in a building with the FBI at 69th Street and Third Avenue, and later at the Foundling Hospital. The positive aspect to all this is that it made the whole of New York City our campus. If only our geographic information capabilities had been developed at that time!

Despite the inconveniences of small, shared and widely dispersed facilities, grant proposals began to be submitted with increased frequency. We rapidly moved from fewer than 100 proposals in 1977. Awards reached the \$5 million level in 1980, \$10 million in 1986, \$15 million in 1990. By that time, Hunter was a strong second in grant volume within CUNY. The \$20 and \$25 million plateaus were reached in successively in 1993 and 1994.

The last two years have brought a new surge of proposal activity and awards. Proposals and continuation applications now surpass 600. Having reached \$30 million for the first time in 2000-2001, awards showed an incredible increase of \$10 million in the 2001-2002, this despite the year's tragedy and distractions related to terrorism.

My congratulations and thanks to all who made my 25th year as grants officer a memorable one.

Robert J. Buckley
Director

SUMMARY OF GRANTS AND CONTRACTS FROM EXTERNAL SOURCES

This part is divided into three sections:

Section I-A Overview of External Funding

Section I-B Individual Project Listing

Section I-C Proposal Submissions

SECTION I-A: OVERVIEW OF EXTERNAL FUNDING

This section contains statistical information on grants and contracts from external sources, i.e., agencies for Federal, State and City government, foundations, corporations, and non-profit organizations. For the sake of making comparisons, figures are given for the quarter century beginning July 1, 1977.

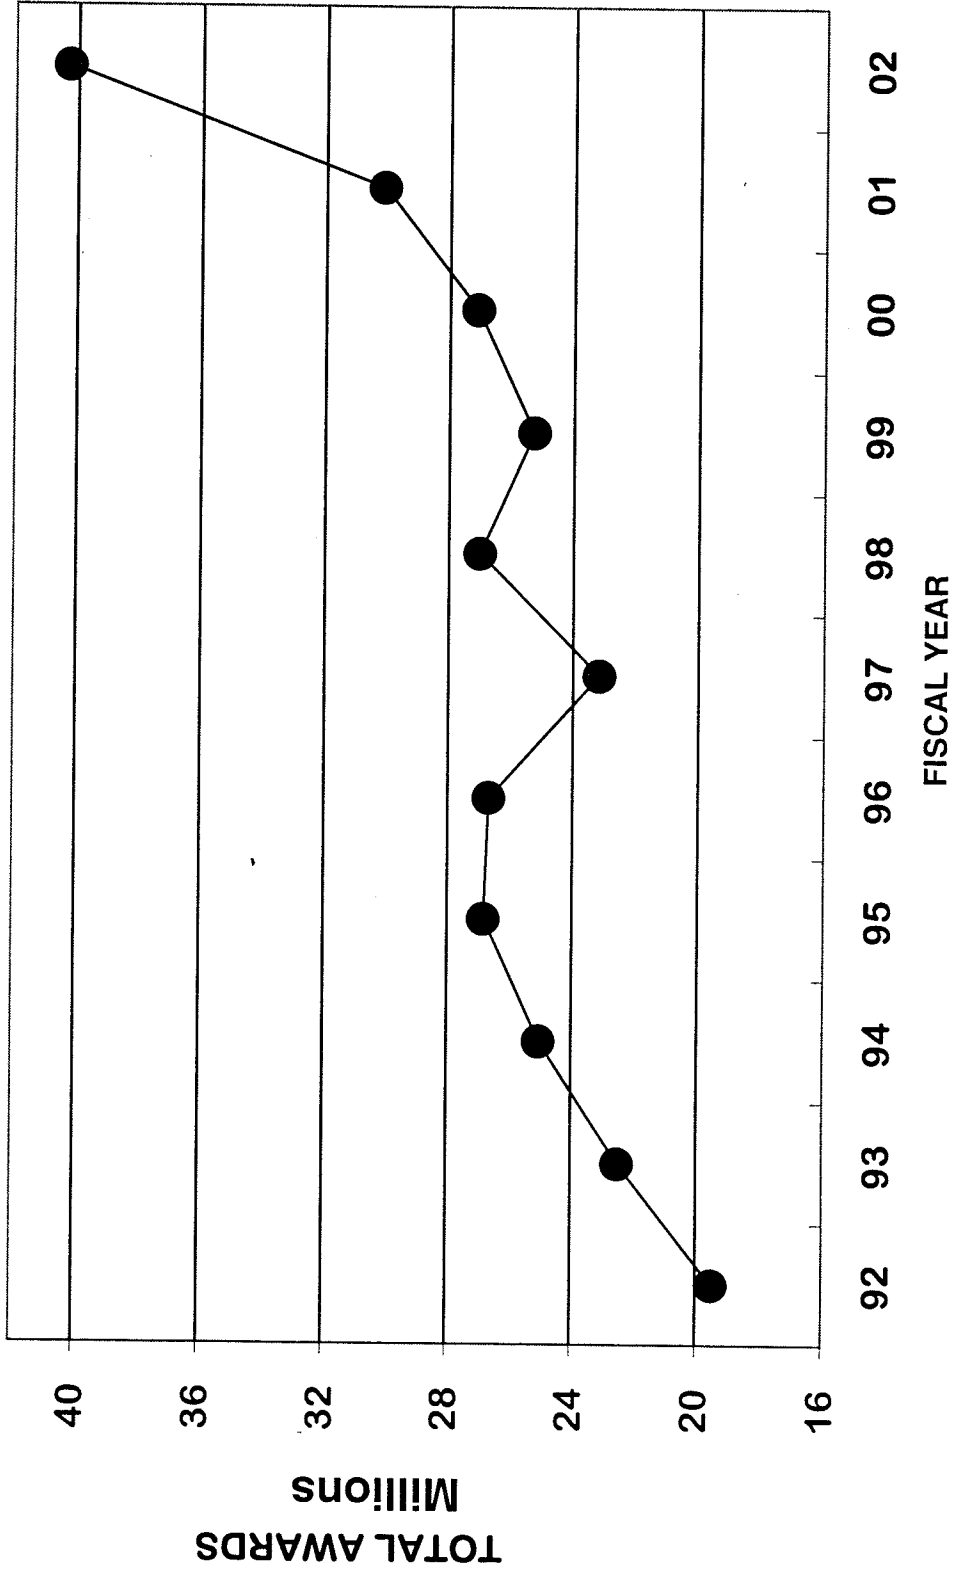

Grants and contracts have undergone remarkable growth since the late 1970s. Viewing awards in ten year increments, we used 1982 as the initial base year to illustrate growth.

PERCENT INCREASE IN DOLLAR VOLUME BY SOURCE BY DECADE SINCE 1981

	<u>Federal</u>	<u>State & City</u>	<u>Non-Profits</u>	<u>Foundations</u>	<u>Total</u>

Note: The Center for the Study of Family Policy was instituted in fiscal year 1990. The Center for Media & Learning (American Social History Project) joined Hunter College in fiscal year 1990; it was transferred to the CUNY Graduate School & University Center on July 1, 1996. 1993 marked the first full fiscal year for the Center for AIDS, Drugs, & Community Health and the Center for Occupational & Environmental Health. Grants for the two centers were previously shown with the School of Health Sciences.

FEDcla02

SECTION IB – Individual Project Listing

This section lists the individual projects that comprised the grants and contracts sponsored by external sources during fiscal year 2002 (July 1, 2001 – June 30, 2002). Also included are grants made directly to individuals (e.g., fellowships), but these figures are not included in the previous section's overall statistics on institutionally administered awards. In several cases, Hunter faculty have co-principal investigators at other institutions or serve as project associates to principal investigators at other CUNY schools. We generally only count the portion available to the Hunter collaborator.

Awards are arranged alphabetically by academic and administrative regions. Within that framework, awards are organized first by department and then by faculty member. Entries include the name of the funding agency and, when applicable, the agency identification number and remarks. Among other data shown are the Research Foundation account number and the award period. Type indicates whether the award is new, a continuation (i.e., non competitive but contingent on sufficient progress having been demonstrated to warrant continued funding), a renewal (after competitive review of an ongoing project), or a supplement (additional funding to complete or extend the scope of the original project). When applicable, the status gives the length of the project in years and whether the agency has indicated its intention to continue funding on a non-competitive basis beyond the current period.

The projects are listed as follows:

Academic Regions	Page
School of Arts & Sciences	
Anthropology	1
Biological Sciences	3
Chemistry	10

SECTION I-C: PROPOSAL SUBMISSIONS

The count of proposal submissions includes:

- a. proposals for new funding;
- b. proposal submitted at the end of a funding cycle for review in competitions for renewed funding;
- c. progress reports which, although not competing with other applicants for funding, must demonstrate sufficient advancement towards the project's goal in order to gain the funding authorization for another year of support.

Identical or similar proposals submitted to more than one agency are counted separately. Preliminary and final proposals prepared for the same agency are included only once.

In fiscal 2002 Hunter College had 623 submissions. Some statistical information and the listing of individual faculty and staff applicants are shown in this section.

<i>Quarter Century Totals</i>		10,364		6,266	427,135,396

*Some applicants submit the same proposal to more than one agency -- these proposals are counted separately.
Others submit different proposals to one or more agencies.*

The terms "Principal Investigator" and "Project Director" are used to signify successful applicants, i.e., persons who receive awards. Many faculty members direct more than one project.

Shaded numbers highlight the years in which records were set for the respective categories.

As agencies frequently take 6-12 months to complete the review of a proposal, approximately half of the proposals submitted in one fiscal year do not have a final determination until the next year.

PART II: INTERNAL FUNDING OF PROJECTS

A wide range of other projects received support from College and University funds.

This part is divided into two sections:

Section II-A PSC-CUNY Research Award Program

Section II-B Other Internal Support

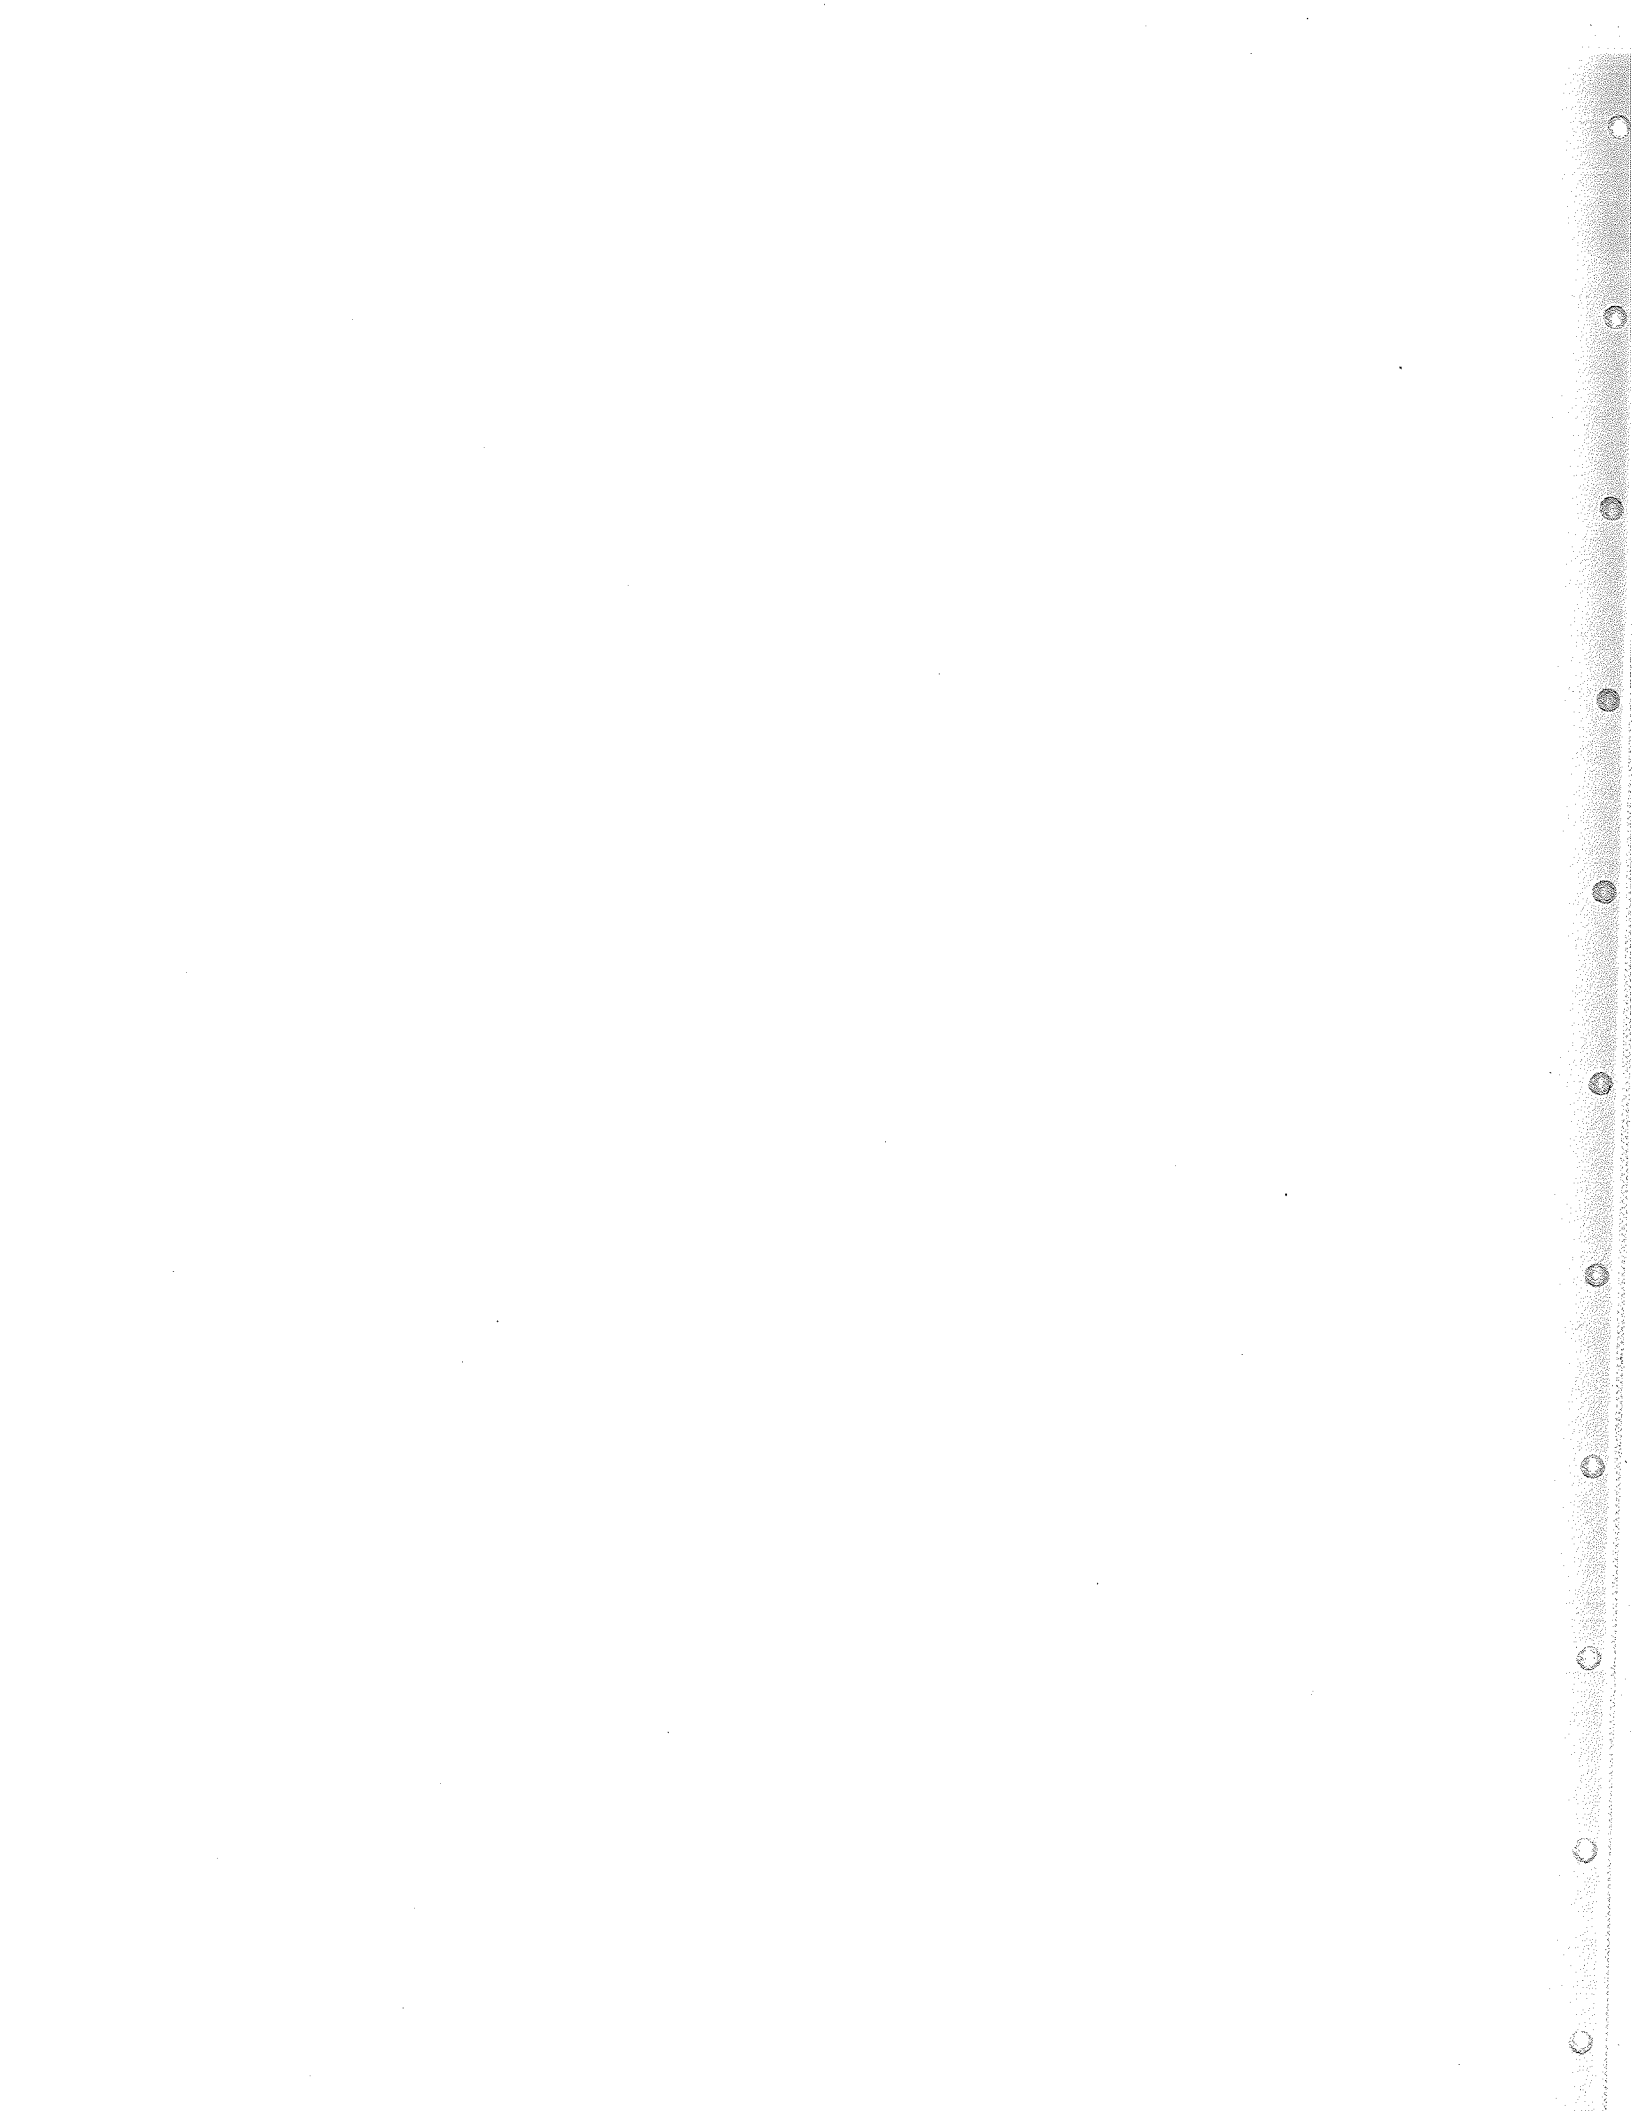

SECTION IIA – PSC-CUNY Research Award Program

The Board of Trustees of the City University of New York and the collective bargaining agent for the instructional staff, the Professional Staff Congress (PSC), demonstrate their recognition of the importance of encouraging research activities in the CUNY system by funding a competitive research award program. Applicants may request a maximum of \$10,000 for research support. Proposals are peer reviewed by one of more than 30 disciplinary panels.

In the 33 years of the PSC- CUNY Research Award Program, Hunter College faculty and staff have been awarded more than 2,000 grants for more than \$10.8 million. Grants are designed to encourage research and sometimes serve as pilot and seed money for larger endeavors.

The following pages of this section gives a statistical history of the participation of Hunter faculty in the program since its inception. The individual project listing for this year follows. Awards are arranged by academic region and may be found as follows:

Academic Regions	Page
School of Arts & Sciences	
Africana & Puerto Rican/Latino Studies	1
Anthropology	1
Art	3
Biological Sciences	4
Chemistry	6
Classical & Oriental Studies	8

Notes: 1. New and continuation awards as of 7/1/91 no longer have additional publication/manuscript preparation funds.

2. The possibility of two-year awards was introduced in the PSC-CUNY-17 competition.

3. Availability of funds was reduced by 50% during a period of no collective bargaining agreement (PSC-CUNY-22,23,24)

Hunter College and the City University of New York make grants to and recognized achievements of numerous Hunter faculty and staff. Among the programs providing the funds were:

1. Hunter Shuster Fund, established in honor of the late former Hunter College President, George N. Shuster
2. Eugene Lang Junior Faculty Development and Faculty Student Research Awards
3. City University Equipment Initiative
4. CUNY Collaborative Incentive Grant Program

Awards are listed by academic region on the following pages:

	<u>Page</u>
School of Arts & Sciences	
Africana & Puerto Rican/Latina Studies	1
Anthropology	1
Art	1
Biological Sciences	1
Chemistry	3
Classical and Oriental Studies	5

PART III: OVERALL SUMMARY OF PROJECT SUPPORT

Grand Total of External and Internal Funding

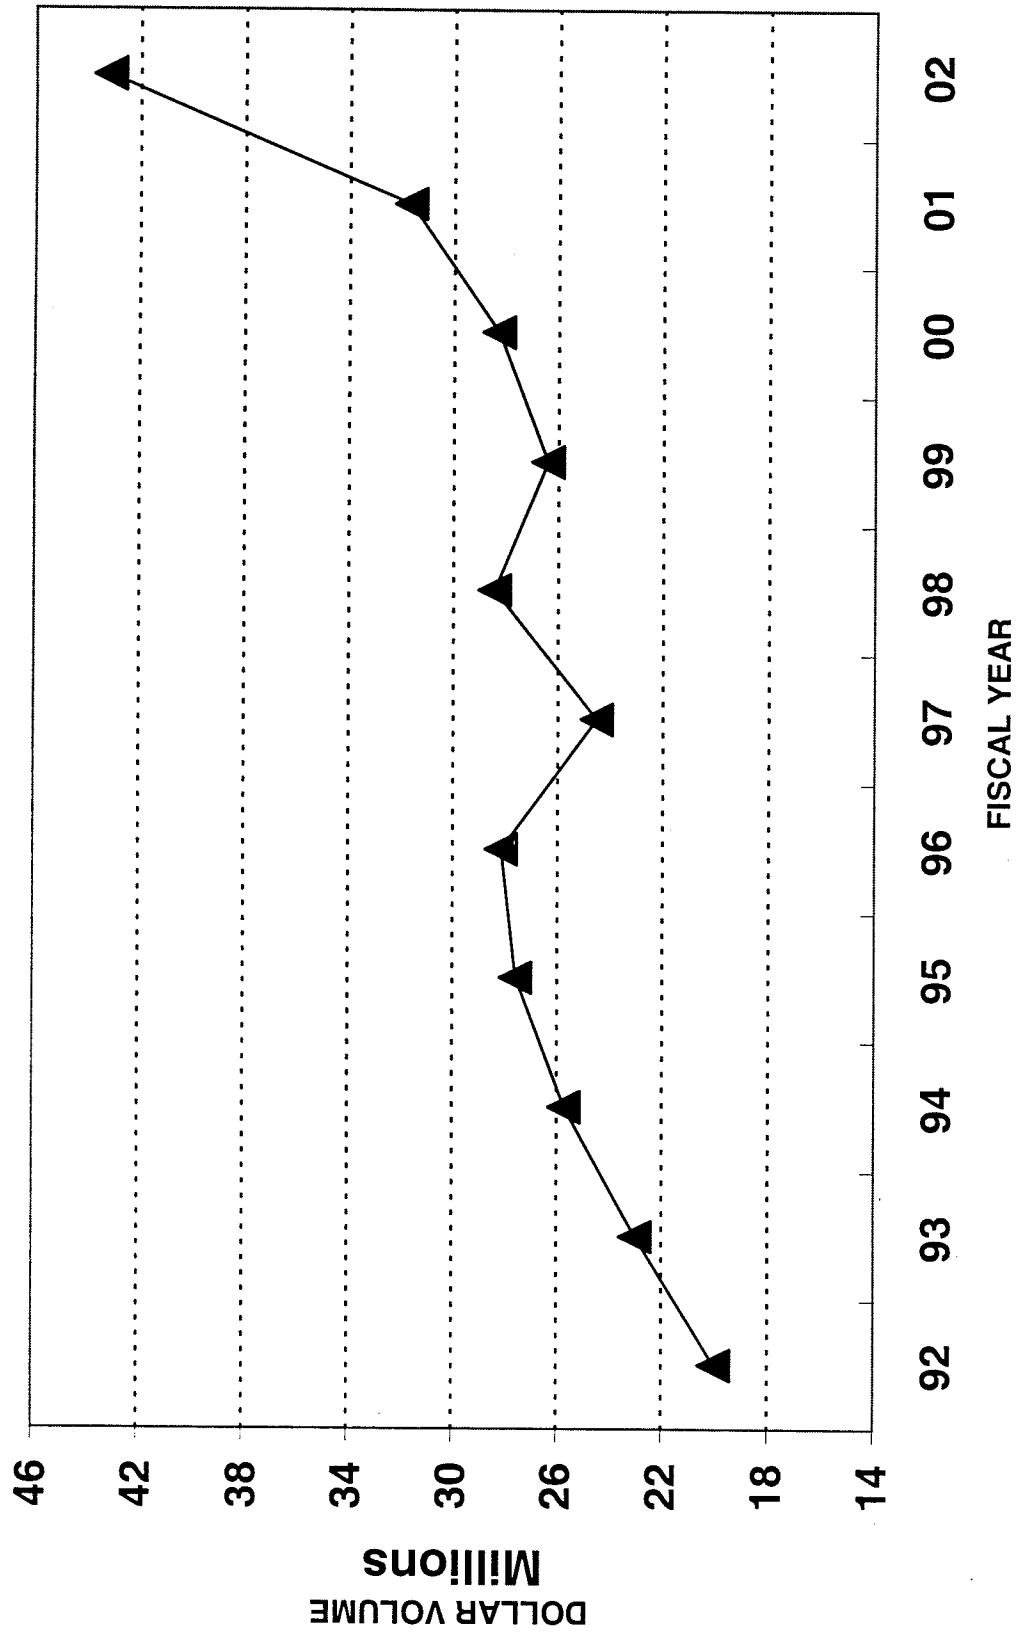

OVERALL SUMMARY OF PROJECT SUPPORT

At the conclusion of this report, we present statistical tables incorporating various award data available for the last quarter century. The information in this section includes the external awards detailed in Section I-A and I-B of this report, plus fellowship and other grants not administered through Hunter, the PSC-CUNY Research Award Program (Section II-A) and other internal support (Section II-B). The intent here is to present as broad a picture as possible of the support obtained by faculty and staff. This section shows the tremendous growth of project support over the past 25 years.

Acknowledgement of Staff, 2001-2002

As Director of the Office of Research Administration, I am pleased to have the opportunity to congratulate all of those faculty and staff who have applied for funding.

Administering a project is not easy. Principal Investigators and Project Directors are bombarded with paper and electronic mail which must be handled. Personnel activity reports and financial disclosure forms have been a fact for more than a decade, and training requirements for all researchers on projects involving human subjects are a reality. New training requirements are on the horizon. Electronic proposal transmission is a requirement at the National Science Foundation, and it is being tested at other federal agencies and even in our own PSC-CUNY Research Award Program. The CUNY Research Foundation has moved heavily into electronic research administration. The staff of Research Administration joins me in saluting all who make the extra effort to meet these requirements.

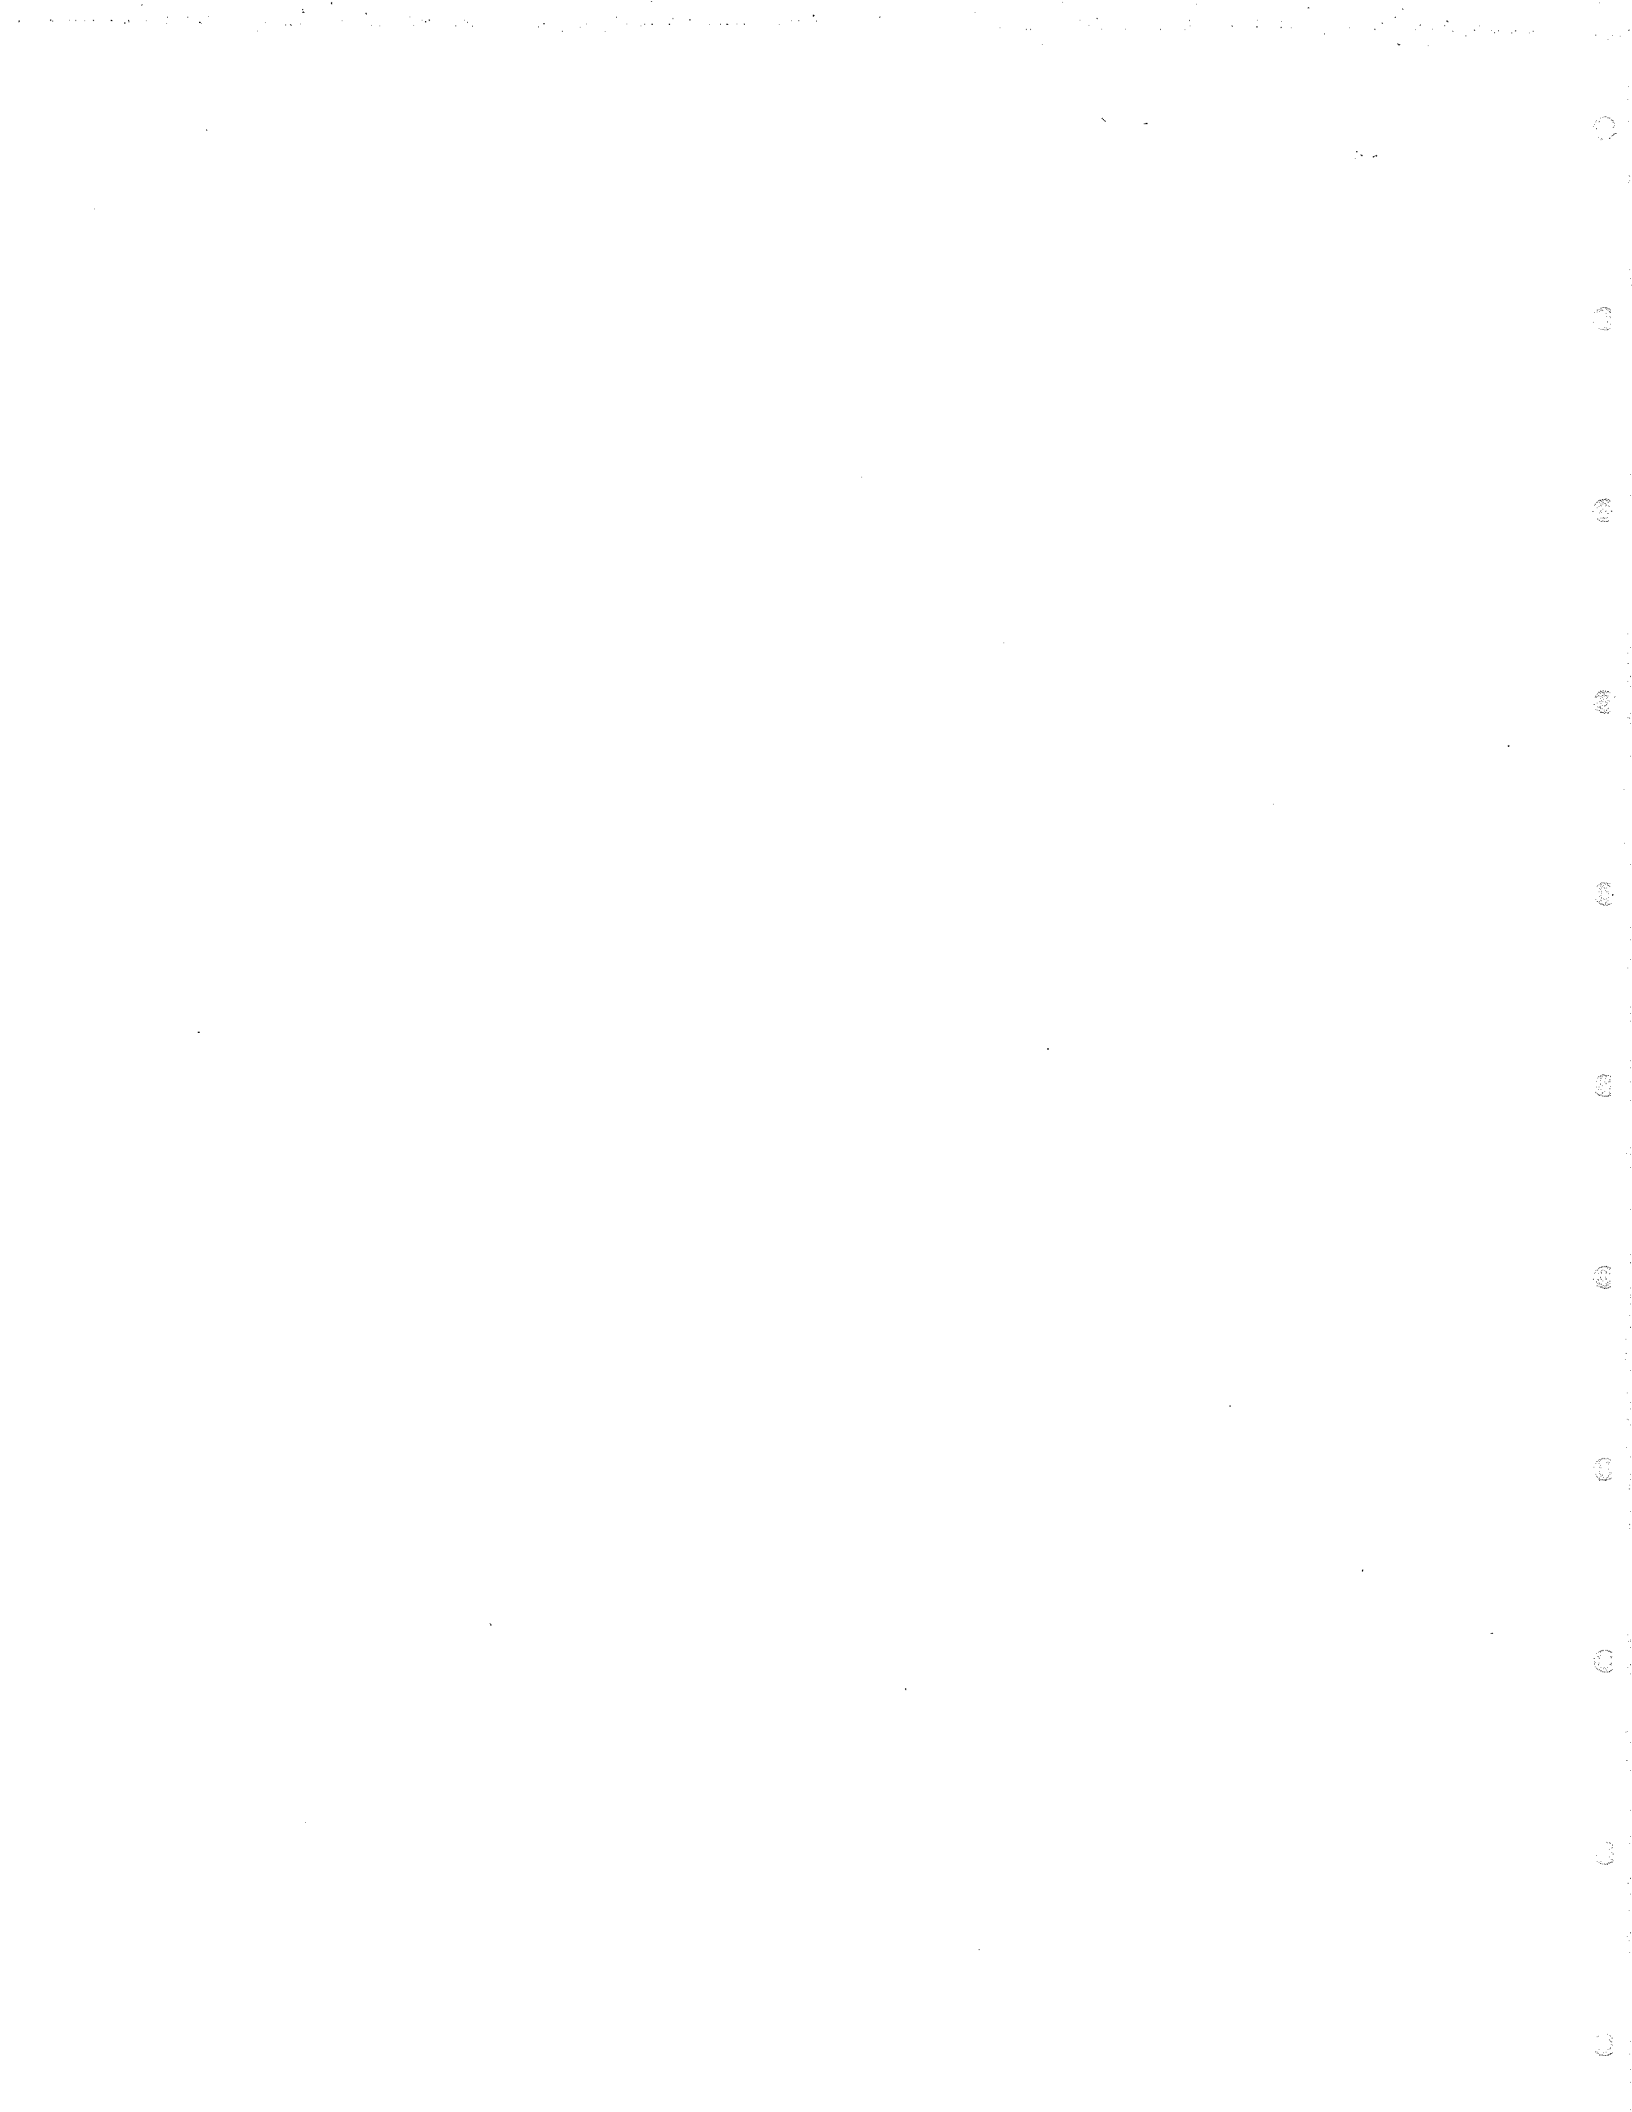

I wish to thank all of my staff for their participation in compiling this report while keeping normal operations running:

Carolynn Julien	Associate Director (<i>and responsible for the graphics in this report</i>)
Barbara Medina	Assistant Director for Project Personnel
Annmarie Rivera	Assistant Director for Sponsored Projects
Ana LoBiondo	Senior Administrative Assistant
Tara Smith	Administrative Assistant for Regulatory Affairs
Karlene Roberts	Administrative Assistant for Project Personnel
Malini Lall	Graduate Student Assistant
Michelle Guzman	Student Assistant
Halania Laurimore	Undergraduate Student Assistant
Michelle Anne Marasigan	Undergraduate Student Assistant
Luz Garcia	Undergraduate Student Assistant
Amani Gheith	Undergraduate Student Assistant - IRB.

Two other student staff members, Judith Diaz and Arkeyris Richiez, left our employ during the 2001-2002 year, and we wish them well in their future endeavors.

Thanks also to my wife, **Lillian**, for contributing her time for consulting on the database in use for maintaining our grant histories.

Robert J. Buckley
Director

Additional Acknowledgements

On behalf of the Hunter research community, we extend our gratitude to the members of two committees which meet at least nine times a year to review research protocols involving human subjects and animals. These reviews are conducted in compliance with government regulations. The persons who served between July 1, 2001 and June 30, 2002 were the following:

Committee for the Protection of Human Subjects from Research Risks (also known as the **IRB: Institutional Review Board**)

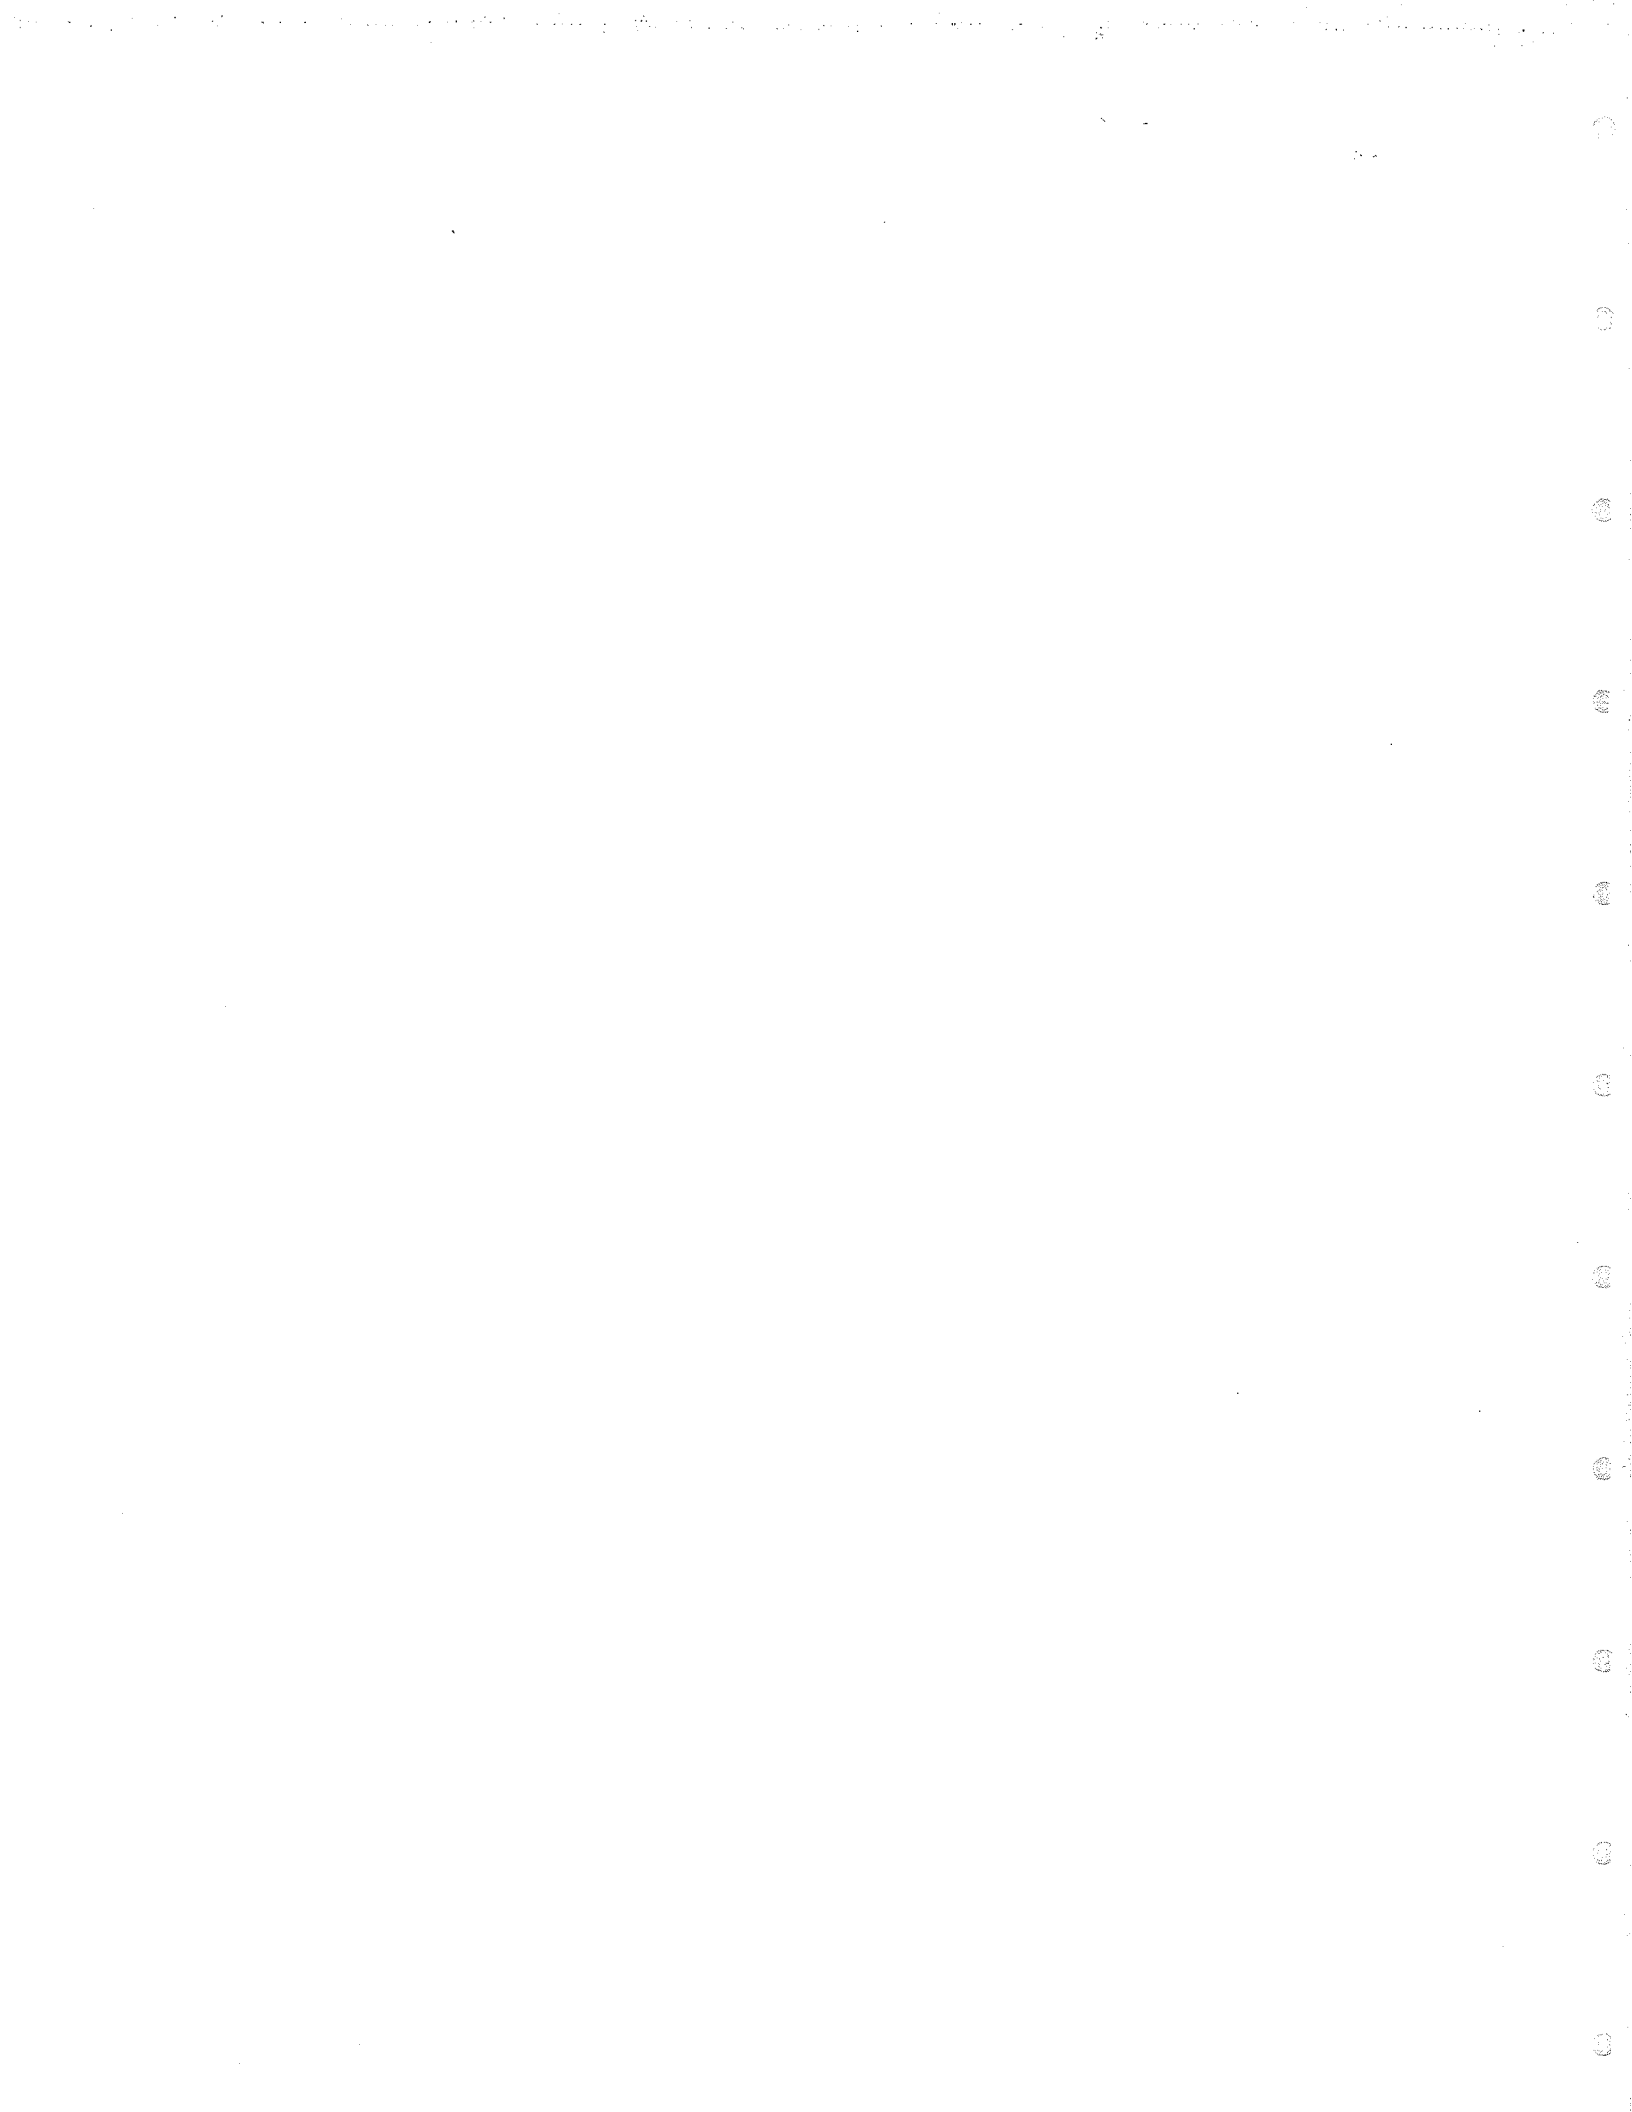

Sherryl Graves, Chair	Educational Foundations and Counseling Programs
Bobby Cohen	Community Representative
Darlene DeFour	Psychology
Amy Horowitz	Community Representative
Susan Klitzman	Health Sciences
Kenneth Levy	Psychology
Mary Anne McDermott	Nursing
Andrea Savage	Social Work
Michael Smith	Social Work
Jeanne Weiler	Educational Foundations and Counseling Programs/Sociology
Carolynn Julien	IRB Coordinator

This Committee must review all research protocols involving human subjects. During this past fiscal year, 270 protocols were reviewed.

Institutional Animal Care and Use Committee (IACUC)

Cheryl Harding, Chair	Psychology
Jesus Angulo	Biological Sciences
Robert Buckley	Research Administration
Patricia Glennon	Consulting Veterinarian
James Gordon	Psychology
Dean Johnston	Health Sciences
Thomas Loonam	Student Representative, Biological Sciences
Jeri Sechzer	Community Representative
Tom Terleph	Student Representative, Psychology
Shari Lewis Thompson	Community Representative
Barbara Wolin	Animal Facilities
Annamarie Rivera	IACUC Coordinator

The IACUC must review protocols involving use of animals for research or instruction. During this past year, there have been 60 active protocols reviewed by this Committee.
